The Managers

Kruman Finances

Dear Sir

**FUNDS FOR THE 41,605 STANDARD AND AFFORDABLE HOUSING UNITS AND
AMENITIES OF PHASE 1 OF THE URBAN AND RURAL DEVELOPMENT FOR USD \$1.444
BILLION**

We are requesting for finance for the 41,605 Urban Housing and Affordable housing units plus amenities Urban development for One Billion Four Hundred Fouty Four Million American Dollars (USD 1.444 Billion). We already have 10,000 confirmed off take agreement, from the Civil Servants Unions which has over 140,000 members and recently got the deduction code from the Ministry of Finance so that they deduct from the payroll, we are in the process to sign an MOU with Zambia National Building Society to provide mortgages for noncivil servants all this is to manage risk and we anticipate the number to double once construction starts. The breakdown is as follows:

Investments are Part of this Request and Development

Schools, Clinics , Recreation Facilities and Shopping Centres

These attracts residents to build near these Amenities or buy into the development and the other part is security posts which will built by Collins Mutual Limited and contingency funds to ensure that there is security during construction and when residents are in these developments. See attached the Build Green Concept

Solar Farms and Mini Grid (Electricity)

The has been drought affecting the Southern Region of Africa and this has affected Zambia in terms of electricity supply affecting residential and business across the country. The Building of Solar Farms and mini grids will enable and attract off takers and business to build in our developments because the electricity supply will be available for the residents as well as the for businesses in the area.

Water Utilities

The saying goes that water is life, we build infrastructure to meet the needs of the residents and all other businesses small to universities in terms of water supply and our water will be recycled for the greens and the farms for green vegetables and animal husbandry.

Your quick response will be highly appreciated on the next steps of the Bank account and other details required transferring the funds by letting Zambia Industrial Commercial Bank to Open an Account for Fund Management Purposes.

Find attached the Collins Mutual Limited that cash the project cash flows, breakdown of Funds and receiving of funds in trenches. We have also included the detailed breakdown of houses number and per unit cost and the Financial Performance indicators that shows that the development and investing in it is very profitable. The Pack also includes the implementation plan, distribution of development across the country per province mainly provisional headquarters with the exception of the Copperbelt Province which has two big cities in Zambia namely Kitwe and Ndola.

Best Regards
